

# Lighting Controls and Design Specialist

**Company:** Titan Electrical Group

**Location:** Saskatoon or Regina (preferred)

**Position:** Full-Time Permanent (40hours per week)

## About Us:

The Titan Group is a lighting & electrical manufacturer agency founded in 2008 in Saskatoon. We are known for providing projects with optimal, innovative lighting solutions, product technical support, and assistance in meeting budgets & deadlines. Our main goal is to bridge the gap by bringing you together with world-class manufacturers to deliver leading-edge products & a seamless process.

We foster teamwork, customer service, accountability, and results-driven values. At Titan, we provide a positive, respectful, and supportive work atmosphere that allows our employees to grow and excel in their roles. Our culture empowers and celebrates our people's achievements, encourages collaborative thinking, and offers an enjoyable work environment with competitive salaries, incentives, and benefits.

## Position Overview:

We are seeking a Lighting Controls and/or Design Specialist who brings both technical expertise and creative flair to lighting solutions. This role blends lighting design (aesthetic, spatial, and functional) with lighting controls (technical systems and troubleshooting), supporting a range of commercial, residential, healthcare, and municipal projects. You will serve as a key technical and design resource for internal teams, distributors, contractors, and engineers, ensuring high-quality, efficient, and code-compliant lighting solutions.

## Responsibilities:

- Design and develop lighting control systems across various project types
- Provide technical support and troubleshooting to contractors and partners
- Support engineers and project teams with controls and lighting design solutions
- Deliver lighting design layouts with attention to both functionality and aesthetics
- Act as the primary controls expert for distributors and design-build contractors
- Deliver controls training to distributors (includes travel)
- Maintain accurate project documentation and specifications
- Provide branch-level support and internal consultation

## Core Competencies

Attention to detail and accuracy

Strong communication and customer service skills

Creative problem-solving with design sensibility

Highly organized with effective time management

Tech-savvy, adaptable, and quick to learn

Collaboration and relationship-building

Patient, resourceful, and solutions-oriented

**Requirements:**

- Valid driver's license and access to a reliable vehicle
- Willingness to travel up to 20% across Saskatchewan (including overnights)
- Ability to work flexible hours as required

**Benefits:**

- Competitive salary commensurate with experience.
- Comprehensive health benefits package.
- Savings plan with company match.
- 3 weeks vacation, plus paid time off over Christmas.
- Opportunities for career growth and advancement within the company.
- 

**Qualifications & Experience**

Minimum of 2 years of experience in lighting design, electrical, or related field (new graduates with relevant education considered)

**Additional Experience (not required)**

Background in lighting design, electrical technology, or apprenticeship training (e.g., SIAST/electrical tech)

Experience with AGI32, CAD, Bluebeam

Strong understanding of lighting types and applications

**How to Apply:**

If you are ready to grow your career with US, please submit your resume and a cover letter outlining your qualifications and interest in the position. We look forward to hearing from you!

Please submit your resume to [hr@thetitangroup.ca](mailto:hr@thetitangroup.ca). The position will be open until it is filled.

*Titan Electrical Group is an equal opportunity employer. All qualified applicants will be considered for employment, but only those shortlisted for the position will be contacted.*
